Coimbatore, TamilNadu | pradhakshini68@gmail.com | +91 8248601404 | [LinkedIn](#) | [GitHub](#)

EDUCATION

KIT - Kalaigharkaranidhi Institute of Technology, Coimbatore, India

2023 – 2027

B.Tech in Artificial Intelligence and Data Science, pre-final year

Current CGPA: 8.22/10.0

Coursework: Computer Architecture, Computer Networks, Artificial Intelligence, Data Science, Deep Learning

SSLC: All Pass | **HSC :** 75%

EXPERIENCE

Full Stack Developer Intern LearnLogicify Technologies – Coimbatore, India

Dec 2024

- Learned and worked on building responsive web pages using HTML, CSS, JavaScript.
- Developed UI components and dynamic pages using React.js.

PROJECTS

Privacy-First Federated Learning System | Python, TensorFlow, Differential Privacy Jan 2026

- Developed a privacy-first federated learning system enabling distributed model training without sharing raw data.
- Implemented secure aggregation and differential privacy to ensure data integrity.

Self-Healing System – AIOps-Based | Python, Prometheus, Kubernetes Jan 2026

- Designed and developed a self-healing system to automatically detect and recover from application failures.
- Implemented anomaly detection and automated remediation workflows to improve system reliability.

CloudPulse AI – Multi Cloud Cost & Sustainability Optimizer | React.js, Spring Boot, Python, Scikit-learn, PostgreSQL, AWS Jan 2026

- Developed an AI-powered platform for cloud cost prediction and resource optimization with carbon footprint analysis and sustainability recommendations.
- Integrated multi-cloud monitoring (AWS, Azure, GCP) to improve efficiency and reduce costs.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React.js, Tailwind

Backend: Java (Spring Boot), Node.js, Express.js, REST APIs

Databases: MySQL, MongoDB

DevOps & Cloud: Docker, Kubernetes, AWS, Terraform

Core: DSA, OOP, HLD, Computer Networks, OS

Tools: Git, GitHub, Postman, VS Code, Jupyter Notebook

CERTIFICATIONS & COURSES

Foundations of Data Structures & Algorithms 2024

Dynamic Programming & Greedy Algorithms 2025

Infosys – Java Foundations 2023

Infosys – Java Programming Certification 2024

COMPETITIVE PROGRAMMING

Leetcode : Maximum rating - 1756 | Solved problems: 656+ | Top 7.95% | Badges : 4.

Code Chef: Maximum rating - 1592 | Position : 2 Star Coder | Solved problems : 500+ | Division : 3

Codeforces: Maximum rating - 1500 | Position: Newbie | Solved problems: 100+

Global Rank in **Codechef:** 18724 & **Leetcode:** 66919 | 1 Specialist & 7+ Master badges in **CodeStudio** | solved 1750+ problems in DSA.

ACHIEVEMENTS

- Implemented CI/CD pipelines, reducing manual deployment effort and improving release efficiency.
- Gained hands-on experience in cloud deployment (AWS) and infrastructure automation using Terraform.
- Built end-to-end AI systems integrating Machine Learning, Backend development, and cloud deployment.

VOLUNTEERING

- Active member of technical and coding communities, mentoring junior students and helping them build strong foundations in programming and problem-solving.
- Volunteered as a teaching competitive programming basics & coding platform usage through structured problem-solving sessions.
